Founder's Note

I'm proud of the growing research community of young scholars, graduate students and working professionals that we are building. This community has already published exceptional papers in indexed peer-reviewed journals and received acceptances to highly selective top ranked universities. As we continue to expand Global R-Hub internationally our commitment to excellence remains steadfast.

Dr. Shivendu S.
Founder & CEO

Associate Professor, University of South Florida
IAS Retd. (1984 Batch) | IIM-Ahmedabad | IIT-Kanpur

Our Mission is to connect students with expert Ph.D. mentors and Subject Matter Experts who inspire critical and creative thinking, turning ideas into impactful research.

About Graduate Scholar Program

Turn Your Research into a Global Academic Advantage

The **Graduate Scholar Program (GSP)** is designed for graduate students looking to **strengthen their academic and professional profiles through advanced research**. Work alongside experienced PhD mentors and global faculty to develop original research, publish in recognised academic journals, and build a competitive profile for PhD admissions, fellowships, postdoctoral opportunities, and global careers.

Program Highlights

Expert PhD Mentorship

Receive personalized guidance from experienced PhD mentors throughout your research journey.

Advanced Research Training

Master advanced research methodologies, analytical frameworks, and domain-specific techniques.

Global Faculty Review

Gain valuable academic feedback from international faculty to strengthen your research paper.

Journal Publication

Develop publication-ready research and receive support with journal submissions and publication.

The Research Journey

Discover

Identify a research question with real-world relevance in your chosen discipline.

Learn

Master advanced research methods, literature review, data collection, and analytical techniques.

Create

Draft, analyze, and refine a publication-ready research paper with continuous mentor feedback.

Present

Present your research and receive support for submission to journals or conferences.

Duration	Mentorship	Outcome	Recognition
3-4 Months	1-on-1 or Group	Publication Support	Global Certificate

The **Graduate Scholar Program** empowers graduate students to pursue **advanced research, collaborate with global faculty, publish impactful academic work, and strengthen their profiles for PhD admissions and global career opportunities.**
