Founder's Note

I'm proud of the growing research community of young scholars, graduate students and working professionals that we are building. This community has already published exceptional papers in indexed peer-reviewed journals and received acceptances to highly selective top ranked universities. As we continue to expand Global R-Hub internationally our commitment to excellence remains steadfast.

Dr. Shivendu S.
Founder & CEO

Associate Professor, University of South Florida
IAS Retd. (1984 Batch) | IIM-Ahmedabad | IIT-Kanpur

Our Mission is to connect students with expert Ph.D. mentors and Subject Matter Experts who inspire critical and creative thinking, turning ideas into impactful research.

About High School Scholar Program

Transform Your Passion into Published Research

Designed for students in **Grades 9–12**, the **High School Scholar Program (HSSP)** empowers students to work alongside experienced PhD mentors, conduct advanced research, and develop a publishable academic paper. The program helps students build a competitive academic profile that strengthens university applications and prepares them for future research opportunities.

Program Highlights

Expert PhD Mentorship

Receive personalized guidance from experienced PhD mentors throughout your research journey.

Publishable Research Paper

Develop a 10–15 page publication-ready research paper on a topic aligned with your interests.

Global Faculty Review

Receive valuable academic feedback from international faculty members to strengthen your work.

Stronger University Profile

Develop a strong academic profile for top university admissions.

The Research Journey

Discover

Explore interests and identify an age-appropriate research topic.

Learn

Understand research methods, evaluate sources and collect information.

Create

Write, analyse and refine your research project with mentor feedback.

Present

Present your work confidently and receive publication guidance and certification.

Duration	Mentorship	Outcome	Recognition
3-6 Months	1-on-1 or Group	Publication Support	Global Certificate

The **High School Scholar Program** equips students to **explore complex ideas, conduct meaningful research, and build a future shaped by knowledge and innovation.**

Global Faculty

Our global faculty bring diverse expertise, rich academic experience, and a commitment to mentor young scholars and inspire the next generation of researchers.

Dr. Tim Smith

Assistant Professor, USF

Dr. Gaurav Jetley

Asst. Professor, Colorado State University

Dr. Mark Bender

Assistant Professor, USF

Dr. Ran (Alan) Zhang

Assistant Professor, Texas Tech University

Dr. Varol Kayhan

Associate Professor, University of South Florida

Dr. Daniel Conway

Teaching Professor, University of Arkansas
